The University of Oklahoma Louis Stokes Alliance for Minority Participation Bridge to the Doctorate fellowship program, funded by the National Science Foundation, welcomed a new cohort in August 2017. The fellowship and programming support underrepresented minority students as they launch and complete science, technology, engineering and mathematics (STEM) PhD degree programs. The University of Oklahoma is a world class, Carnegie designated, research-intensive institution. OU provides a small-town community feeling with big city resources. Cohort positions remain, so apply today!

Eligible Programs of Study

**Sciences**
- Astronomy
- Astrophysics
- Biochemistry
- Biology
- Chemistry
- Geology
- Environmental Science
- Geophysics
- Microbiology
- Paleontology
- Physics
- Plant Biology

**Mathematical Sciences**
- Mathematics
- Computer Science
- Information Science

**Engineering**
- Aerospace
- Architectural
- Biomedical
- Chemical
- Civil
- Computer
- Electrical
- Environmental
- Industrial
- Mechanical
- Petroleum

**Benefits**
- Tuition, fees and student health insurance waiver for first two years
- Stipend of $32,000 annually for first two years
- Continued funding at unit level for up to three additional years for qualified PhD candidates
- Personalized mentoring
- Up to $4,000 travel funding for professional conferences
- Links to research and professional opportunities
- Enriched academic services and support

**Requirements for award**
- Participation in an LSAMP program during undergrad
- Bachelor's degree in a STEM discipline
- U.S. citizen or permanent resident
- Acceptance into an eligible STEM graduate program at University of Oklahoma-Norman Campus (May apply concurrently with BD)
- Intention to pursue a PhD in a STEM discipline

Apply at: https://uresearch.ou.edu/BD-App

Send questions to: Dr. Anthony Natale (anatale@ou.edu) or Dr. Susan Walden (susan.walden@ou.edu) with LSAMP BD interest in the subject line
